

# JOSH PRINCE

Commonwealth Court of Pennsylvania *for Justice*

**Jared Vilella**  
Warren City Councilman

*“There is no other candidate for Commonwealth Court who has the depth and breadth of experience than Josh Prince. I have known him for years and he is the total package. Josh is a hard working guy with the unmatched conservative track record we need.*

*We know from his work that his decisions will be based on constitutional foundations. We won’t have to elect him to find out what kind of judge he will be.”*

**Prince had this to say about the endorsement:**

“Councilman Vilella’s dedication to reaching out at the grassroots level led him to a deep understanding of the challenges that residents in his community face. Conversations with fellow residents inspired him to serve as a problem solver who is attentive to the needs of his community.

Vilella’s endorsement means a lot to me, and his service as an elected official who is focused on working to ensure that citizens in Warren feel safe, are empowered to grow personally and professionally, while safeguarding the wise expenditure of their tax money is inspiring. As a judge on the Commonwealth Court, I will focus my energies in the selfless manner while upholding the Constitutional rights of Pennsylvanians when they seek the judiciary relief that is afforded to them as citizens.”
