

JOSH PRINCE

Commonwealth Court of Pennsylvania *for Justice*

Kathy Rapp

Pennsylvania State Representative

“Joshua Prince is an extremely accomplished attorney and expert advisor to the legislature on civil rights matters. He valiantly fought for our freedoms during the unconstitutional COVID lockdowns and has ardently defended our precious Second Amendment in the state and federal courts. Pennsylvania will be a better Commonwealth and our Constitution protected with Josh on the Commonwealth Court.”

Prince had this to say about the endorsement:

“It was an honor to offer my legal expertise on behalf of the civil rights of Pennsylvanians in consultation with the state legislature, where I learned how deeply Rep. Rapp is dedicated to the Constitutional liberties of her constituents. Kathy’s endorsement of my Commonwealth Court candidacy is very special to me, and I’m humbled by her acknowledgement of my achievements in standing up for the rights of Pennsylvanians when heavy-handed COVID-19 government mandates were imposed.

It will be an honor to serve as a Commonwealth Court Judge with the same commitment to ensuring that all Pennsylvanians are afforded the protections set forth in our state and national Constitutions when they seek redress through the state judiciary.”
