

# JOSH PRINCE

Commonwealth Court of Pennsylvania *for Justice*

## **Kenneth Klakamp**

Former Warren County Sheriff and Past President of the PA Sheriff's Association

*"As the former Sheriff of Warren County for 9 years and past President of the PA Sheriff Association, I have watched Josh Prince ardently defend our civil liberties in the state and federal courts for well over a decade. His track record is not only highly impressive but also reflective of his core constitutional understanding. From fighting the unlawful COVID mandates, to defending the religious liberties of the Amish, to ensuring that Fourth and Fifth Amendment rights are not eviscerated, Josh has been there, when no one else was willing to step up. These are just a few of the reasons that I unequivocally endorse Josh Prince for the Commonwealth Court. As the Commonwealth Court is the court of direct government oversight, we need him there to ensure our rights are here for our grandchildren."*

## **Prince had this to say about the endorsement:**

"I am deeply honored to have Former Sheriff Klakamp's endorsement, and for his inspiring example of a lifetime committed to enforcing the law. Such lifelong devotion by Americans, who courageously defend our shared principles, enable our communities to be protected from the nonsensical lawlessness that wreaks havoc in innocents' lives.

I look forward to demonstrating the same level of commitment in upholding the Constitutional rights of Pennsylvanians as a Commonwealth Court Judge."
