

JOSH PRINCE

Commonwealth Court of Pennsylvania *for Justice*

Mike Jones

Pennsylvania State Representative

“Josh Prince often asks people if the constitution was intended to be a living, breathing document, then why did our Founding Fathers include an amendment process. This is the kind of clear, constitutional thinking we need on the Commonwealth Court. Mr. Prince’s clear thinking is rooted in a sharp intellect and an uncanny way of capturing winning arguments.

This is how he has won 8 of his last 10 cases before the Commonwealth Court. And it’s why he will likely win the remaining two when the decisions are issued. This is how he got COVID fines on a family restaurant rescinded. We need to put the most qualified candidate on the Court. We need Josh Prince.”

Prince had this to say about the endorsement:

“Rep. Jones’ exceptional mind and results-driven mentality are a demonstration of what one can accomplish when they realize the potential that the American Dream affords and makes possible for every citizen. Rep. Jones’ business career was built upon the respect for free market capitalism, and he embodies this mindset as an elected official who defends Pennsylvanians against burdensome government regulation.

I’m deeply honored to have Rep. Jones’ endorsement, and will venture to follow his example of selfless service in the performance of a job for those represented. As a Commonwealth Court Judge, I look forward to applying my legal expertise and experience to the protection of Pennsylvanians’ Constitutional Rights.”
