

JOSH PRINCE

Commonwealth Court of Pennsylvania *for Justice*

James Ott
Blair County Sheriff

"It is my honor to endorse Josh Prince for Commonwealth Court Judge. I have always pledged to the people that I will protect our Constitutional Rights, especially the 2nd Amendment. I see in Josh that same unwavering commitment in preserving citizens' rights, especially in such chaotic times.

Pennsylvania needs individuals with strength and integrity presiding over our judicial system now more than ever. With his experience in the courtroom, knowledge of the law and impressive track record, Josh is one of those outstanding individuals, and will be a phenomenal Judge. I urge everyone who values their rights to join me in voting Josh Prince for Commonwealth Court Judge."

Prince had this to say about the endorsement:

"Without the stalwart dedication of public servants who follow our Constitution's rulebook in establishing, enforcing, and adjudicating the law as prescribed in our three branches of government, our nation would descend into complete chaos.

There are plenty of forces at work trying to erode the foundational fabric that makes up our social contract, a sacrosanct relationship that empowers the government, of and by the people, to defend our Constitutionally derived liberties.

Because of the commitment of public servants such as Sheriff James Ott, such chaotic anarchy will not be allowed to pervade under his watch. I'm deeply grateful for Sheriff Ott's endorsement, and for his recognition that I am dedicated and have the requisite background to faithfully defend Pennsylvanians' rights as Commonwealth Court Judge."
