

JOSH PRINCE

Commonwealth Court of Pennsylvania *for Justice*

Tony Andronas
Washington County Sheriff

"It is my honor to endorse Josh Prince for the Commonwealth Court of Pennsylvania. Our common aim of the preservation of citizens' rights under the Constitution of the United States, and his dedication to law and order are what inform me when I publicly state that Josh is our best candidate to serve on the bench.

Josh's experience in the courtroom and knowledge of the law are a winning combination. I would urge any Pennsylvanian who values their rights and wants our next generation to keep faith in the judicial system to join me in voting for Josh Prince for Commonwealth Court Judge."

Prince had this to say about the endorsement:

"The societal norm of upholding law and order cannot be taken for granted anymore in today's political climate. As different social ideologies go head to head in the political world, everyday Americans like Sheriff Andronas work each day to protect residents in their neighborhoods by using our Constitution and our laws to protect individual rights, while working simultaneously to maintain civil order.

I'm deeply grateful to receive Sheriff Andronas' endorsement, and am grateful for his determination to protect the rights of his constituents while leading his force to uphold the rule of law. I'm honored that Sheriff Andronas has offered his public support of me in recognition of my courtroom experience and expertise in upholding the U.S. Constitution for the protection of citizens' rights.

I look forward to utilizing my background and knowledge of our state and national Constitutions to defend the rights of Pennsylvanians as a judge on the Commonwealth Court."
